

CREST Committee

Grays Peak I

Wednesday , September 27th | 12:15PM - 1:15PM

Agenda

- What Training requirements out of the FMCSA and the Safety Management System agencies are working on? What support do agencies need from CDOT or CASTA to establish policy and meet training requirements?
- 3rd party CDL testing requirements. Any new issues? Are people having trouble getting the class they need to be certified as a tester?

CREST Committee

Grays Peak I

Wednesday , September 27th | 12:15PM - 1:15PM

Agenda Continued

- Local agencies running short routes are running into challenges having enough higher RPM operation of their diesel engines to achieve a complete regeneration of the emissions treatment system. Does anyone have a suggestion on how to complete a regeneration outside of driving on the highway uninterrupted for 30-40 minutes?
- Agency check ins-what's going well, what challenges are you facing.
