

# DRIVER & PASSENGER PROTECTION

## BUS DRIVER & PASSENGER

- FULL COVERAGE protection and FULL VISIBILITY for bus driver at main passenger entry/exit point (not air tight).
- Passenger protection available with shields behind each row of seats.
- Shield can be sprayed with disinfectant and wiped dry with microfiber cloth (included w/ purchase - additional cleaner available).
- Can be custom installed on ANY bus by Davey Coach personnel.
- Shield can be removed later with minimal "scarring" to the vehicle.

## NANOCIDE GRAB RAILS

- Nanocide impregnated, germ-killing entrance grab handle covers
- Tested effective on over 630 germs and bacteria
- Available for any entrance/exit grab handles which is a high contact point for passengers
