

CURIS Core

Portable Powerhouse Disinfection

So portable,
our customers call it

“The Suitcase”

Creating healthy facilities is easier, faster, and safer than ever before. Using patented pulse technology, CURIS has revolutionized disinfection, making hydrogen peroxide fogging the perfect choice for an achievable, measurable kill of 99.9999% of dangerous pathogens.

EPA Registered and approved for use against SARS-CoV-2 (COVID).
EPA Reg. No. 93324-1

SCALABLE

At only 36 lbs., the CURIS is NOT to be underestimated.

This powerful device is capable of treating up to 10,000 c.ft. For larger spaces, CURIS' patented technology enables users to sync up to 15 devices wirelessly to treat large-scale environments.

INNOVATIVE

Advanced Wireless Operation
& Tracking
(optional by subscription)

The ability to disinfect a space AND prove those efforts: CURIS merges the most advanced data surveillance and the most thorough coverage on hard, non-porous surfaces to bring you the latest in portable decontamination.

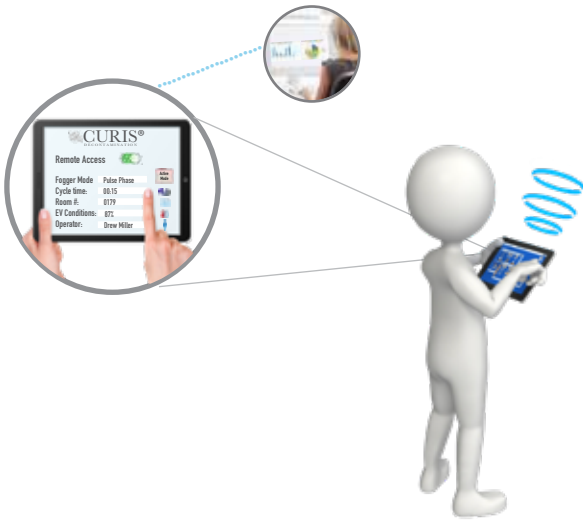

Want remote operation plus data management? **There's an APP for that!**

EFFECTIVE

Patented Pulse™ Mist

CURIS' patented Pulse™ system is the ONLY fogging system to intermittently inject optimal amounts of 7% H₂O₂, maintaining the proper concentration of germ-killing solution without soaking surfaces. Effective against C. diff in a Tri-Part Soil Load.

CURIS

The World's First Smart Fogger

CURIS System Data Management does more than record basic treatment data. CSDM empowers administrators to track treatments, access via cloud, share reports via email, and strategize.

Remote Operation + Data Management = Smarter Way to Fog

Ideal for any space pathogens are found:

- Transportation
- Pharmacy
- Healthcare
- Animal Research
- Life Sciences
- Education/Universities

Atomizing Adjustable
Stainless Steel
Precision Nozzle
produces dry micron mist

Digital Interface Display
Demonstrates fogger status
and self calculates

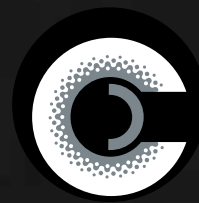

Integrated Electronically
Sequenced
A/C Outlet
Powers air scrubber,
dehumidifier
or air mover

Weight and Dimensions	36 lbs; 19 3/4 x 13 3/4 x 17 1/4
Coverage Capabilities	up to 10,000 cubic feet
Built In Capabilities	automatically sequenced outlet; auto calculations
Voltage	115v or 220v
APP/CSDM (Optional Remote Operation/Tracking)	range ≤ 600 feet wifi/wireless

CURIS 3

The Multitasker

Because outbreaks are rarely confined to one space, you need multiple tools in your toolbox to protect your facility's various environments.

More Versatile Than Any Other System

FOG

Classrooms | Offices
Labs | Patient Rooms

PORT INTO A SPACE

EMS | Buses | Cars | Planes

SPRAY

Stadiums | Auditoriums
Cafeterias | Call Centers | Stairwells

CUSTOMIZE TO FIT YOUR NEEDS

How It Works

CURIS HAND SPRAYER

EASILY TREAT LARGE OPEN SPACES

The lightweight CURIS Hand-Held Sprayer fits comfortably in your hand for easy use with optimal spray control. Consistent coverage for large, open spaces.

BETTER THAN ELECTROSTATIC

NO BOOMERANG EFFECT

Sprayed solution always sticks to the surface, not the applicator

NO STICKY RESIDUES

Never any messy, harmful residues. Our solution decomposes to water & oxygen

NO HEAVY LIFTING

No liability of back straining from heavy equipment

Disinfection at your fingertips
