

## Ozone Season Transit Grantee Agency Application

**Agency Name:** Pueblo Transit

The cost of fuel, preventative maintenance, and repairs was summed over the same period in years 2022 and 2021 then divided by the total number of miles driven to average the cost. This method should accommodate fluctuations in gas prices, which peaked in 2022.

The average cost of fuel, preventative maintenance, and repairs, \$1.70, was applied only to “new miles”.
